FAME REVIEW

1. Product Review

1.1 Bemiminalist

*Hey guys,
I hope you all are doing well.*

Today I am going to review
@bemiminalist_ AHA+BHA+PHA.

Price :
30ml of product retails for Rs 699

Our Opinion :

- It is a **yellow coloured** chemical exfoliant with no fragrance in it.
- The AHA and BHA work on surface level and beneath the surface to **remove impurities, giving a healthy glowing skin.**
- It **removes white heads** and **black heads** to some extent (not completely).
- It **removes dead skin cells** providing a smooth to touch, clearer skin.
- It is suitable for **sensitive skin** as well because it contains PHA in it.
- It also **brightens up the skin** a little and doesn't cause acne breakouts.
- It dries out the skin so make sure to follow up with a thick face oil (i prefer squaline).
- In long run it helps fade blemishes.
- Don't forget to apply broad spectrum sunscreen after using this.

Today I am going to review
@thebodyshopindia Vitamin E facewash

Price:

Our Opinion:

□ It is a white colored facewash with **thick creamy consistency**. I don't like its fragrance though.

□ It **removes dirt** and **impurities** without drying out the skin.

□ It is for **all skin types** but works best for normal to dry skin types.

□ It doesn't cause acne breakouts and is **suitable for sensitive skin**.

□ Less amount of product is required, hence **little goes a long way**.

□ Overall it is a nice regular facewash which cleanses and moisturizes the skin giving a soft to touch feeling and a subtle glow. ■

2.2 Beat Do - Karma

The track "BEAT DO" is all about complexity. Full of funny yet witty punches, the track also takes a jibe at the recent ongoing "copied remixes" in the market. Complex rhymes, tough wordplays, crazy flow switches, the track has it all!

First of all thank Raftaar for introducing me to a gem like Karma. Karma has been a fresh breath of air in DHH. He deserves every success ahead. Karma is the guy who can make any song's Remix better than Original. BEAT DO song is what Kalamkar stands for, quality in music and lyrics and video. Kudos to Karma, what a rollercoaster from Gangster to this. Really karma has his own league this whole album is getting better and better after every song. "hasi to fasi vo, sare sare sikho" only karma can use despacito's beat and make it even amazing. ■

Written and Performed by - Karma
 Produced by - Deep Kalsi
 Composed by: Karma
 Mixed and Mastered by - Deep Kalsi
 Label - Kalamkaar

That despacito flow was just awesome with a different vibe. If you already respect and love Karma, let's never say Karma is underrated. The level on which we have placed him in our hearts, how can he ever be underrated? The rhyming scheme literally made me go mad. Honestly, this track is on a completely different level. I didn't expect the Despacito flow verse to be there and be so lit fire.
